Agenda

- County Updates:
 - New events, organizations, meetings
 - Progress of learning collaborative
 - Changes in shelter
 - Information learned
 - Counties are in the process of looking at current policies and how they can modify to increase access for the community. A lot of good information learned and provided. The community appreciates that the collaborative allows for a teamwork approach rather than just someone telling them what to do. Everyone is looking forward to more work.
- Changing the Conversation with Coordinated Entry
 - Not a housing program, but a way for us to do our work
 - Transparency about housing
 - Common assessments
 - Consistent communication with individuals and families interacting with the system
 - What is your community conversation around coordinated entry?
 - How can we work to change and refocus the community on the true system and how it should function
- Case conferencing structure
 - Dynamic Prioritization
 - Capacity of ESG funds to house individuals and families in our region
 - Calculate New Entries and Exits vs People Served and figure out estimated monthly intake for each program
 - Community Link- RRH

- Community Link- PSH
 - Community Shelter of Union County- RRH
- What kind of support can CE provide?
 - CE is often viewed as a housing resource. Due to limited housing availability, we have low interaction and motivation with partners because this expectation is not being met
 - Reality of CE is that much of the work happens behind the scenes
 - What do agencies need?
 - Dynamic Prioritization
 - Capacity
 - Housed
 - Unsheltered
 - Transitional
 - Who should be prioritized
 - Dynamic Prioritization
 - Capacity of ESG funds to house individuals and families in our region
 - Calculate New Entries and Exits vs People Served and figure out estimated monthly intake for each program
 - Community Link- RRH
 - Community Link- PSH
 - Community Shelter of Union County- RRH
- Plans for the Year
 - As a group we will go by county covering several things
 - Who has been housed (private, transitional, w/help from shelter, etc.)
 - Who's in a housing search
 - Who's in need of other services
 - Who needs more attention and advice from the group
 - Who should be prioritized next
