Fair Housing Policy & Affirmatively Furthering Fair Housing

In the FY24 CoC Program NOFO, HUD requires CoCs to Affirmatively Further Fair Housing (AFFH).

HUD requires all CoCs to affirmatively further Fair Housing in compliance with the U.S. Fair Housing Act & its implementing regulations.

- Promote fair housing choice
- Eliminate disparities in housing
- Foster inclusive communities

Under the FY24 CoC Program NOFO, HUD has highlighted new AFFH responsibilities for CoCs (specifically CE systems) that we must address for the first time in the CoC Application.

To address HUD's highlighted mandates, the CoC will need to develop policies & update procedures.

To meet the requirements under the CoC NOFO, the CoC needs to approve a new Fair Housing Policy & update its written standards.

The proposed Fair Housing Policy will:

- Provide an overview of the U.S. Fair Housing Act which prohibits discrimination against people in seven protected groups (race, color, national origin, religion, sex (including actual or perceived gender identity and sexual orientation), familial status, and disability.
- Define & outline affirmative marketing & outreach
- Record-keeping requirements
- Outline parameters for reasonable accommodation and reasonable modification requests
- Include steps housing providers, including CE staff, must take when participants face a potential Fair Housing violation
- Contain contact information for participating jurisdictions, legal services, & CoC staff to whom CoC stakeholders should refer or report
- Include sample notices, logs, and forms

Programmatic & CE staff will have new responsibilities under the CoC's Fair Housing Policy.

Proposed written standards updates contain a new Fair Housing Policy section that outlines the system's responsibilities that include:

- Understand & implement the CoC's Fair Housing Policy
- Post the Fair Housing Public Notice
- Develop affirmatively marketing & outreach strategies to ensure that households are provided a range of housing choices in various geographic areas regardless of their protected groups
- Record strategies and actions taken to affirmatively market CE/housing programs using a sample log included in the Fair Housing Policy
- Assist households with reasonable accommodation & modification requests
- Refer households who face a Fair Housing violation to legal services
- Assist households who face a Fair Housing violation file a complaint with HUD
- Inform the state or local participating jurisdiction & the CoC that a housing complaint has been filed

What does this mean for ES, TH, RRH, PSH, & CE staff practically?

Have working knowledge of the CoC's Fair Housing Policy

For every household with which you interact:

- Post the Fair Housing Notice in the places where you assess participants &/or provide a copy to people with whom you meet virtually or by phone
- Answer any questions participants have & let them know what you are able to do if they have issues when seeking or moving into permanent housing

What does this mean for you as CE Leads practically?

For households you may be navigating through the system or actively helping to locate & secure housing:

- Observe when working with property providers if Fair Housing violations occur that affect the ability of households to secure or maintain housing
- Provide as many options for housing as possible to meet the needs & desires of households without regard to location
- Record the outreach & engagement strategies you use to find housing on the sample log provided in the policy
- Assist households with reasonable accommodation &/or modification requests
- Assist households to make Fair Housing complaints, refer them to legal services when desired, & submit information to the CoC when complaints have been filed

Edits to NC BoS CoC Anti-Discrimination Policy

The NC BoS CoC Anti-Discrimination Policy guides program implementation and is updated yearly

Built to mirror HUD's Equal Access Rule, the Anti-Discrimination policy prohibits overt acts of discrimination that prevent people from accessing services.

Required for all agencies in the CoC. Mandatory training annually.

The policy has strong protections for:

- LGB & Transgender people seeking services
- Families (Family Separation policy)
- People of all faiths (Faith-based services policy)
- People with grievances against their provider

Discrimination on the basis of race & ethnicity is prohibited, but protections don't go beyond overt acts of discrimination (which are hard to prove anyway).

New process for reviewing the policy

NCCEH staff distributed a survey to the CoC seeking review & feedback.

Survey was live from 09/03/24 – 09/13/24.

Two responses were received.

No major or structural changes were proposed.

Minor changes to wording have been made to the existing document.

Edits were made to wording for transparency, accuracy, & consistency.

Minor language changes include correcting typos and word changes for consistency between paragraphs (e.g.).

- Draft policy with proposed edits is available on the NCCEH website at <https://www.ncceh.org/bos/steeringcommittee/>.

The Steering Committee needs to consider approval of the proposed edits to the Anti-Discrimination Policy for 2024.

Next Steps

Strategies and activities

Collaborative and Inclusive Dialogue and Action: The CoC will engage in intentional, potentially difficult conversations and dialogue, identifying areas of action and engaging people with lived experience and historically marginalized populations to lead and be part of governance, subcommittees, and workgroups.

- Improve representation on Steering Committee, subcommittees, and workgroups
- Support the Racial Equity Subcommittee and the Lived Expertise Advisory Council (LEAC)
 - Continue to review policy changes and procedure changes
 - Leverage anti-discrimination policy and written standards to facilitate these discussions.
 - Coordinate joint-action between these two subcommittees
- Host dialogue calls on racial equity that engage CoC
- Foster partnerships for investment in projects serving and led by people of color.

Strategies and activities

Data Collection and Assessment: Data will be used by the Steering Committee, Racial Equity Subcommittee, Coordinated Entry Council, and Funding and Performance Subcommittee to build strategies to improve racial equity.

- Continue to encourage and support better data quality
- Include age, ethnicity, and gender in the analysis
- Conduct qualitative research to enhance the current assessment to understand the experience of people accessing the system

Develop additional questions with support from the Equity Initiative's Core Team have already brainstormed avenues:

- Chronic Homeless rates by race and ethnicity
- Regional racial and ethnic disparities
- Prevention/Diversion project enrollment by race and ethnicity
- Develop a more equitable Assessment and Prioritization Tool for Coordinated Entry led by the Core Team from HUD's 2022 Equity Initiative
- Report on system performance measures for the Coordinated Entry System, by race and ethnicity
- Study the demographics of agency staff providing services and compare to the people being served
- Review the Racial Equity Scorecard for effectiveness in funding competitions

Strategies and activities

Training and Support: The CoC will engage professional staff to provide training and support to set a baseline understanding of racial disparities and equity for stakeholders. The CoC will incorporate learning opportunities for people with lived experience, agency staff, partners and collaborators, and CoC leadership throughout the year.

Deepen the racial equity questions and checks in funding process scorecards and program monitoring and oversight.

Share resources on racial equity with CoC stakeholders and offer time to stakeholders for dialogue and questions, especially around analyzing their agency's data.

Direct providers to expert training sources for support developing more racially equitable practices within agencies and community systems like Coordinated Entry.
