FUTURE REPORT OUTS – System Performance Measures

The HEARTH Act requires communities to measure performance as a coordinated system. As HUD defines how to measure the following items, we will report on these system-wide measures in future years. (Source: HUD Exchange, www.hudexchange.info/programs/coc/system-performance-measures/)

- Length of time homeless
- Returns to homelessness
- Number of homeless persons
- Employment & income growth
- Number of first-time homeless
- Prevention and housing placement for doubled-up youth and families
- Street outreach exits and retention of permanent housing
